

SHORT BIO IMPACT COMMITTEE MEMBER

Natacha Lippens
G3 Finascure
Chair Impact Circle

Natacha sits on various Board of Directors, ranging from Finasucre (family agro-industrial holding), Iscal (Belgian sugar production), Futerro (bioplastic production) and Companie Het Zoute (real estate development), Spencer Stuart (talent management), International Polar Foundation (NGO promoting scientific research in the polar regions), Chapter Zero Brussels (NGO empowering board directors on climate action). In terms of impact investing she is linked with various funds, notably Estari (sitting on the investment and sustainability committees), Telos impact (consultant), Confluence Investors (Advisory Board) and Coast4C (regenerative seaweed, VC investor and Chair of the Board).

By training Natacha holds a BSc in Biology with Honours in Zoology from the University of Edinburgh, a MSc in Environmental Technology, Ecological management option from Imperial College and an MBA from both INSEAD and Tsinghua University. Previously she worked as a marine biologist on marine pollution prevention and response.
